

ENGINEERING JOB ANNOUNCEMENT!

Title: Associate Civil Engineer

Location: Billings, Montana

Brief Job Description: WWC has an immediate opening for a civil engineer with a BS or MS in Civil Engineering, Chemical Engineering, or Environmental Engineering and an interest in civil/water resources, environmental, geotechnical and/or transportation engineering. This challenging position will lead you into the exciting fields of civil engineering, environmental engineering, water resources engineering, geotechnical engineering and/or transportation engineering where you will work with our engineering teams in planning, geometric design, hydraulic and hydrologic design, water resources and irrigation projects, reservoir design and permitting, environmental permitting, geotechnical engineering, quantity schedules, bid packages, public interaction, preparation of plans and technical specifications, surveying, and construction engineering. The successful candidate will be a progressive, self-starting individual and will be given special consideration for knowledge of and experience with AutoCAD Civil3D. Previous experience in the engineering field is an added plus. Some travel is required, and you must have a valid driver's license.

Requirements: Bachelor of Science Degree in Civil, Chemical, or Environmental Engineering; valid driver's license and insurable under WWC's vehicle insurance; strong background in computer applications; working knowledge of AutoCAD; progressive, self-starting individual with good communication skills.

Compensation: Competitive salary and benefits negotiable based on experience. Benefit package includes generous holiday and personal time off; comp time; health, dental, and vision insurance; a 401K/profit sharing plan; and bonus potential.

Closing Date: Open until filled

Contact Information: Renea Parker, HR Generalist at rparker@wwcengineering.com

What information do applicants need to provide?: Cover letter; resume; and references.

Additional information about the position for potential applicants:
